GARAGE DOOR OPENERS

Integrated with
OHD **ANYWHERE**®

Model 7120HL-B

Model 7120H

Quiet power and reliability with optional battery backup

- Integrated Wi-Fi with OHD Anywhere® lets you control and monitor your opener from almost anywhere
- **Durable performance:** 24V DC motor operates most residential sectional doors up to 10 ft high and weighing up to 500 lbs.
- **Design flexibility:** Choose to have your opener with or without battery backup; also choose between a belt or chain rail to suit your preference
- **Quiet:** DC motor featuring soft start and stop combined with a C-channel rail delivers quiet operation

The Genuine. The Original.

Standard features and benefits

DC power

DC motor operates with variable speeds for soft start and stop; providing smooth, quiet operation and less wear and tear on your garage door.

CodeDodger® access security system

Selects a code from billions of combinations each time a remote or wireless keypad are used. Helps prevent piracy of the radio signal for the utmost in security.

Easy programming

Quick, simple limit setting for faster installation.

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

Self-diagnostic Safe-T-Beam® System

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

C-channel rail

Operator rail designed for strength; conceals rotating belt or chain for better aesthetics.

Lighting system

Non LED integrated lighting models come ready for two (2) optional Overhead Door™ LED bulbs (recommended). Two (2) 60 Watt maximum if incandescent bulbs are used.

6' power cord

For high ceiling applications

Compatible with both HomeLink® and Car2U® systems Works with current and all previous versions. No additional external repeater kit or compatibility bridge needed.

Smart garage door openers integrated with OHD Anywhere®

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.†

OHD Anywhere® is compatible with most iOS and Android mobile devices†.

Features include:

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere® app
- Time-based features allow you to schedule door operation
- The OHD Anywhere® app allows control of multiple OHD Anywhere® Wi-Fi integrated garage door openers
- Maintains access history report for each opener

Models 7120H-B/7120HL-B

Battery Backup included

The Overhead Door™ Battery Backup unit provides peace-of-mind during a power outage.

Models 7120HL/7120HL-B

Integrated LED lighting

LED light is integrated into the opener providing maintenance-free lighting. No bulb changes required. Designed to eliminate remote interference caused by some LED bulbs.

†OHD Anywhere® is designed for sectional garage doors only and should not be used on one-piece garage doors.

California Residents:

This opener has the option to add Battery Backup. **As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.** For more information visit overheaddoor.com or ask your Overhead Door™ Distributor.
